TRADEMARK

Trademark law, or the protection of brand names, logos, designs and services mark in every industry, is one of the most popular and growing practice areas in the field of intellectual property law in Tanzania and the World at large. Trademark rights are highly valued by business owners as they may be used to prevent others from using a confusingly similar mark.

Our firm offers the following trademark related services;

- Trademark search
- Filing of applications, registration procedure;
- Renewal, rectification
- Litigation for Trademark infringement
- Portfolio Management
- Due Diligence
- Trademark Oppositions
- Trademark Cancellations

COPYRIGHT

Gerpat Solutions with a team of Copyright experts have enough experience helping clients to handle copyright assignments at affordable price meeting their requirements and expectations.

Although in Tanzania, copyright owner acquires copyrights automatically, registration with the Copyright Society of Tanzania (COSOTA) seems to be of great importance because it makes easier to prove copyright ownership in the event ownership is in dispute.

Thus, we always advise all copyright owners to take trouble to register their protected works for easier enforcement of their right.

REAL ESTATE

Need a residential house, plot of land, farm plots, office space and warehouse? We have people to serve all your real estate needs with high end estates.

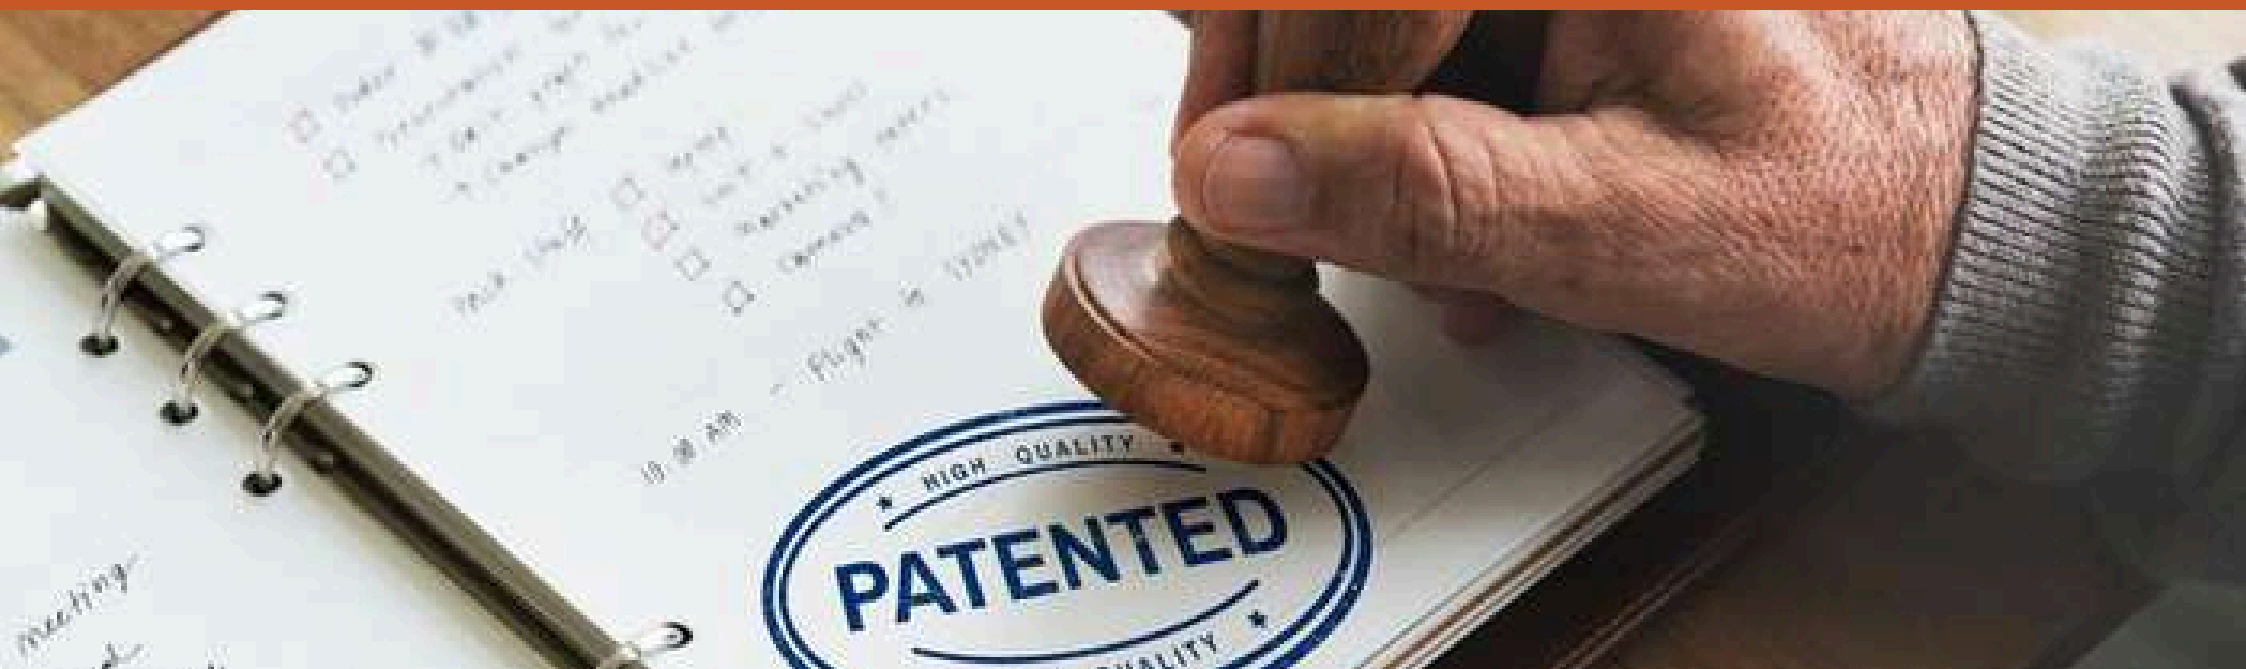

The firm advises on a wide range of transactions involving the ownership and development of land by local and overseas purchasers, including:

- › Drafting, negotiating and finalization of loan agreements related to real estate acquisition.
- › Purchase of property
- › Sale of property
- › Lease & renting
- › Mortgage and other modes of creating security

PATENT SERVICES

Gerpat Solutions has been involved in drafting of a large number of patent specifications and filing and prosecuting applications in Tanzania and abroad. It is also engaged in conducting several opposition proceedings for many of its clients.

The Firm's qualified team assists its clients through the entire process of protecting their patent rights. From conducting Search, Patent drafting, Patent filing and prosecution, Opinion, counselling and prosecution as well as Patent litigation
